No, I haven't been in touch.

Please send an email to the staffer to contact me to coordinate/schedule.

Thanks.

Thanks...it is also just that this staffer is a friend of mine, so I need to close loop with him. LaTonya - can I just send an e-mail to them and loop you in or have you already been in touch?

Thanks!

LaTonya Sanders, congressional liaison in R 7, is working on this.

Hi Karl!

Anyone in particular there that I can loop in with Shimkus' office?

Thanks!

Karl – see below. What do you think?

And is there someone in your office that you would want me just to loop in with Shimkus' folks to coordinate?

Laura,

I'm looking at one of two dates for the visit. Option one would be July 16 and option two would be July 30. Both would be in the a.m. I am not sure how long we would need to be briefed on the situation and look at the area but he would be available in the 9:00 – 10:30 a.m. time frame.

Deb Detmers
District Director
Office of Congressman Shimkus

Subject: Shimkus Site Visit - West Lake Landfill, MO

Hey Laura - Chairman Shimkus wants to do a site visit of the West Lake Landfill in MO which we understand is a superfund site EPA has been involved in trying to settle out clean-up and monitoring for some time. It just happens to be next to a landfill that has been on fire for 3 years making it an extra exciting place to go.

I wanted to give you the head's up but also get some assistance in setting up the site visit since it is region 7 and we are used to region 5 if anything. Deb Detmers is on the email who runs Shimkus's IL operations. If we can get her in touch with the right person to set up a time and to ensure the correct EPA people are available that would be great. Thanks – Chris

Chris Sarley
Policy Director
Office of Congressman John Shimkus (IL-15)
